

### Middle 3

Middle 3 have had a really busy summer term.

We've been enjoying the sounds of Africa, learning and composing different rhythms on the Djembe drums. The pupils have loved this!

## Lea Green Adventure by Liam

On Monday 3<sup>rd</sup> June all of middle school went to lea green. Our team first did den building out of logs trees and sticks then we lit some

wool on fire after me and some other people toasted

marshmallows. Then we took down our log house down and made a new better one out of four trees. Then we left for diner. After dinner we did sky lines it was

scary, then we went down a zip line after we were going to do

archery but we did not have any time so we did soft play for the rest of the time then we went on the bus.

We've also been looking at poetry in some of our English lessons. Here is a selection of poems that the pupils have written:

### **Wolf by Liam**

Wolf Wolf Black grey and brown

When on a hunt it makes not a sound

Dare to come near it will stare and it will kill

Those who don't care

When it feeds its hungry needs

It sleeps away its winter dreams

### **Blue Staffy by Paige**

Blue staffy blue staff as blue as the sky.  
Shines like the sun burning down.  
Blue staffy you move in the fastest way.  
Razor sharp teeth for tug of war.  
Muscly strong legs mean blue staffy can jump.  
Enjoy long walks and running free in fields.  
Gives the best cuddles when you don't feel good.

### **Whippet by Ruben**

Whippet whippet  
Fast as the wind  
Brown eyes wide open  
Feet tickling across the grass  
Cute to keep  
Cuddly dogs love to around family  
Brown thin fur  
Shiny black nose and so skinny.

### **Cheetah by James**

Cheetah Cheetah stripy tail  
Orange and black  
Eyes are golden  
Fur is fluffy  
Teeth are sharp  
They are fast  
Hunting in the desert.

## **Wolfie by Robert**

Wolfie Wolfie living in the cave

In the taige land

Where the wolf pack

They howl at full moon

They eat meat at morning and noon

They're not fat

Their fur makes them big and fluffy too!

If you see one, tame one with some bones or meat

Then they'll help you with the wolfie gang
