

Middle 5

Middle 3 and Middle 5 had a visit from Jonny Pillar in December. Jonny told the class about taking part in the Clipper Race from Liverpool to Uruguay on the Liverpool boat. The students were very interested to hear about the whales, sharks and flying fish he had seen. They also learned about what life on board was like at 45 degrees and in rough seas. The two classes agreed to email him when he returns to the boat in February to cross the Pacific Ocean to America

You can track the race on this website and read about Jonny's adventures on <https://www.clipperroundtheworld.com>

This term we enjoyed our Forest School taster lesson, where we explored all the different learning areas and had a hot chocolate together.
