

## What we have been up to this term - Post 16

Our new Post 16 department (Gateway 1 and 2) have been settling into their new learning environments and timetables. Pupils are enjoying eating out in the community and not wearing school uniform!

The students recently visited a SEND skills festival where lots of providers of further education were present - this meant that students could ask any questions they had and look at prospectuses of colleges that they may attend in the future.

This annual event is a great opportunity for students (and parents) to support decision making in preparation for transition.

**Chesterfield College**
