

Orange Class – Summer Term

Orange class have been getting out into the community to practise their communication skills in many different circumstances. This has helped pupils to increase the length of their sentences when speaking and teaching them to include detail when asking for items in a shop.

We have visited Morrison's and the local shops to practise our money skills, learning about the value of coins and how to pay for items!

We are planning to visit the library to find many fact and fictions books!
