

Upper Senior

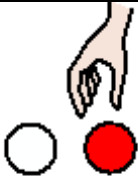

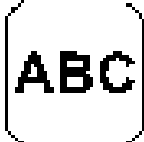

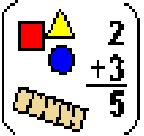

Curriculum

Coverage

In Summer Term 5, Upper 4 will be working on the following topics and themes for sessions.

 <p>Community</p>	<p>This year we are visiting community facilities and learning how to use them. This term we will be cycling again at Queens Park and visiting Graves Park. For the rest of our Thursdays we will be joining in Forest School Day, The Big Dig and Science Day.</p>
 <p>Vocational</p>	<p>This term we will be following a jobs rota which will include jobs such as gardening, recycling and keeping our Quad clean. We will also work with another person to achieve a target such as making a craft item or cooking together.</p>
 <p>PSD</p>	<p>This term we will be studying sex and relationships education. Some of the topics covered will be puberty and what happens to our bodies, private and public body parts, private and public areas (e.g. bathroom or supermarket) and appropriate relationships.</p>
 <p>Independent</p>  <p>Living</p>  <p>Skills</p>	<p>This term we will prepare a variety of drinks and snacks focusing on the basic safety rules surrounding their preparation. Students will practice independent living skills such as following simple instructions, measuring out liquids and weighing ingredients.</p>

 <p>Options</p>	<p>This term we will be preparing for our school production. Practicing our performance and making props.</p>
 <p>sport</p>	<p>The sport for this term is Athletics. Students will work on walking/running and building stamina.</p>
 <p>English</p>	<p>This term we are continuing to look at 'Myself'. This will involve making a poster about myself and adding different details to it on a week by week basis.</p>
 <p>Maths</p>	<p>This term we will be looking at time. We will consider what we do at different times of the day at home and at school. We will also continue to develop our number skills by counting at every opportunity.</p>
 <p>Science</p>	<p>This term we are studying the unit 'Humans as organisms'. We will look at how we tell if something is alive; the skeleton and how we move; breathing; and staying healthy. The students will have the opportunity to participate in lots of practical experiments.</p>

If you can send in any items to support the topics studied it would be much appreciated.

Many thanks,

Sheona and Rachel
